Dear Friends

November is the month of Remembrance. For the church, the 1st November is All Saints Day, when we remember and celebrate all those Christians who have lived and died and left a legacy of a true example of Christian living for us to emulate. On 2nd November, All Souls Day, We commemorate those we have loved and who are no longer with us. And of course, as a nation, Remembrance Sunday calls to mind the two world wars and many bitter conflicts since which have been etched in our hearts as times of extreme valour and huge sacrifice. In July, I had the privilege of serving with a small team of clergy colleagues as chaplains at the Royal International Air Show at Fairford. Our purpose there was to support the 3000 strong volunteer force should there have been a major incident. This year's show saw spectacular aerobatic displays given by the most modern of military hardware, but the highlight for the crowds and for the teams of aircrew was the memorial flypast of a large group of WWII Spitfires, Hurricanes and Lancasters. The 50,000 strong crowd fell silent as these flying displays caught their imaginations. But what was it they imagined?

As I reflected on this, it is impossible to erase the fact that these machines are, of course, designed to kill and to maim. Their purpose, if used with integrity, is to fight for the cause of justice and peace. Even then, the concept of 'just war', a theory expounded by St Thomas Aquinas in the 13th century, is a difficult one to rationalise when so many innocents are caught up in the violence of war. Sadly, military might is not always used to fight for such high ideals. In the aftermath of the 2nd world war, huge swathes of displaced and terrified people moved across Europe in search of safety and a better life for themselves and their children. The 1951 UN Convention for Refugees was created to provide a fair set of rules to ensure that such homeless people could settle in a place of safety and be provided with international protection if appropriate. According to the Convention, a refugee is someone who is unable or unwilling to return to their country of origin owing to a well-founded fear of being persecuted for reasons of race, religion, nationality, membership of a particular social group, or political opinion. Sadly, 70 years later we are experiencing similar sights of mass migration caused by despotic and power crazy regimes.

All our parishes will be holding Remembrance Day services which will honour those from our own communities who have fought for freedom. The national Act of Remembrance at the cenotaph in London and the two minute silence at the 11th hour of the 11th day of the 11th month are also intended to ensure we do not forget those who fought so valiantly and sacrificed so much. Their legacy is our privilege to live in a democracy with the freedom to express ourselves in peace whatever our opinions and views are. I hope that this year's services will serve to offer you an opportunity to reflect on the great gift of freedom we have in this country and, for Christians everywhere, an opportunity to remind ourselves of our calling to Christ's service – to love our neighbours as ourselves.

With love and blessings.

Willersey's Meeting with the Bishop: "I hear you."

A second public meeting on the Diocese's intentions with regard to the Willersey's glebe land was held on 6th October. Nearly 200 villagers packed the Village Hall again, on this occasion meeting Rt Revd Rachel Treweek, the new Bishop of Gloucester, to hear what she and her team had to say and to address their concerns and questions to her.

In the forthright and, at times, heated meeting, which was chaired jointly by Bishop Rachel for the Diocese and Lord Dear for the Parish, parishioners made clear their opposition to the Diocese's intentions to sell large areas of the parish's glebe land for housing development.

Parishioners were particularly discomfited by the Diocesan Glebe Committee Chairman's presentation. His inability to name Willersey correctly and to get any of the facts correct on the developments under consideration in the parish called into question the Glebe Committee's ability to make decisions with respect to parish land.

Other significant outcomes of the meeting included:

- Bishop Rachel announcing a change of stance on behalf of the Diocese. Where its previous policy had been that the Diocese need show no interest in parishioner's concerns (its contention being that this should be left to the council planning department), Bishop Rachel insisted that she did not want to see Willersey "over-housed".
- Bearing the above in mind, a commitment by the Bishop that the Diocese will not allow any move to be made towards obtaining planning permission on any glebe land in Willersey until the appeal relating to the proposed 70 house development, south of Collin Lane, is known.
- A commitment by the Bishop and the Diocesan Secretary that the only land on which the Diocese will consider applying for planning permission or selling will be within the area known by parishioners as "Terrify" (and not any of the precious areas of ancient ridge and furrow).
- Having heard all of the concern and incredulity expressed by parishioners at the Diocese's choice of the promoter Gladman as a partner, an intention by the Bishop to ensure that this decision is reconsidered.

The next steps are that the Assistant Diocesan Secretary will draft a record of the transactions of the meeting which the PCC will review and agree with the Bishop. Thereafter, the PCC will meet the Bishop in the next few weeks to discuss the matter further.

Weston rural cinema: November

Based on the literary classic by Thomas Hardy, our November film, "**Far from the Madding Crowd**" is the story of independent, beautiful and headstrong Bathsheba Everdene. Faced with three different suitors, she has to choose. Gabriel Oak, a sheep farmer, is captivated by her wilfulness; Frank Troy is a handsome and reckless Sergeant and William Boldwood a prosperous and mature bachelor. A timeless story of Bathsheba's choices and passions, the film explores the nature of relationships and love as well as the human ability to overcome hardships through resilience and perseverance.

The film will be shown in Weston sub-Edge Village Hall on Thursday 26th November. Doors will open at 7.30 p.m. and the film begins at 8.00 p.m. Tickets are £4.00 at the door. For more information contact Chris Rossington or David White on 01386 849316 or find details on the village website, www.westonsubedge.com.

Youth Club

Weston sub-Edge Youth Club meets on the **first and third Thursdays** of each month between 7.00 and 9.00 p.m. Members enjoy a wide range of activities and Sue Stanier, our leader, and Alex Havery, her assistant, have an exciting programme planned. **New members between 10 and 18 years both from the village and from the surrounding area are always welcome.** Join the Club and make new friends. Subscriptions are £1.00 per meeting and drinks and sweets are on sale. For more information, contact Chris Rossington on 01386 849316 or Sue on 07555 649056.

Book Launch: "From Country Boys to Soldier Boys"

On Friday 13th November Paul Hughes will be talking about his new book, "**From Country Boys to Soldier Boys**", written in memory of the 108 men and women from Weston-sub-Edge and Aston-sub-Edge who served in the Great War, 1914-18.

The launch will take place in Weston sub-Edge Village Hall at 7.00 p.m. This book, Paul's second, was published in August 2015 and follows "**Campden 1914-18**" published in November 2008. This new book has over 220 photographs and includes short biographies of the 108 men and women who served from the two villages. It includes a section on Norton Hall VAD hospital and has a photographic gallery of new Chipping Campden 1914-18 photographs collected by the author following the publication of "Campden 1914-18" and also tells the stories of the various war memorials in the two villages.

Paul funds the research for, and publication of, his books himself and so is reliant on their purchase. This new volume will be of great interest to all with past and present links to the villages and the surrounding area.

STRATFORD-UPON-AVON CHORAL SOCIETY
Charpentier and Haydn Choral Classics

Stratford-upon-Avon Choral Society's Winter Concert on **Saturday 21st November 2015** features Haydn's *Harmoniemesse* and Charpentier's *Te Deum* in Holy Trinity Church, Old Town, Stratford-upon-Avon at 7:30pm.

The Choral Society sings the great classical and romantic choral works as well as lesser known and more modern pieces. No record has been found of these two works having been performed before by them, certainly not in the last 30 years.

The *Harmoniemesse* in B-flat major was written by Joseph Haydn (1732-1809) in 1802 and was his last substantial composition. It is because of the prominence of the wind instruments in this mass and the German terminology for a kind of wind ensemble, Harmonie, that this mass setting is called "Harmoniemesse" or "Wind-Band Mass." The setting is divided into six movements and is cheerful, confident and exciting.

Marc-Antoine Charpentier (1636-1704), born and died in Paris, was a dominant figure in French Church music. His grand polyphonic motet *Te Deum* in D major, a key he considered "bright and very warlike", was probably composed between 1688 and 1698 during his stay at the Jesuit Church of Saint-Louis in Paris, where he held the position of musical director and before he moved to Sainte Chapelle. The work is written for the group of soloists, choir and instrumental accompaniment. There are four surviving Charpentier's settings of the *Te Deum*, this one is thought to have been performed to mark the victory celebrations and the Battle of Steinkirk in August, 1692. His music is noted for its harmonic richness and colour contrasts and the well-known opening prelude was briefly played at the coronation in the 1995 Richard III film.

The professional soloists will be: Soprano Sara Whichelow, Mezzo Olivia Barry, Tenor Daniel Joy and Bass James Berry, who is a local 'boy', past pupil of King Edwards School in Stratford. Several of these soloists have sung with the choir before and they will be accompanied by the Regency Sinfonia and Stratford-upon-Avon Choral Society, conducted by Music Director Stephen Dodsworth. 2015 is now 179 years since the Stratford Choral Society's formation in 1836 and along with the Huddersfield Choral Society it is one of only two long-standing choral societies in the country to have performed continuously without a break since foundation.

Tickets for this concert on Saturday 21st November 2015: £15 (adults) or £7.50 (students) or further information, phone Carol Jackson on 01386 841440. Tickets also available on the night at the door, at Holy Trinity Bookshop or phone 01608 682049. Up to two children under 16 are admitted free of charge if accompanied by an adult

On Tuesday, 13th October, Lord Dear attended a meeting with the Church Commissioners in the House of Lords, having tabled a question in advance. The Bishop of London read out a prepared statement that reiterated much of what the parish had heard from the Bishop of Gloucester in terms of assurances. In the discussion that followed, the Bishop of London affirmed that the Church of England would not wish to implement a policy that resulted in a drop in congregations for the sake of gaining additional income from the sale of Glebe Land. The Bishop of London will be sending Lord Dear a copy of his statement and this will be made available to parishioners.

After a great “Reggae” version of Jerusalem (no, only joking) but a rousing rendition of course, we went through last month’s minutes, talked of preparations for the Senior Citizens Christmas Lunch. Judy sold a good number of Christmas cards in aid of the Cobalt Unit, and we had a scrumptious spread prepared by the “3 lovelies”, Mildred, Pat and Jean B.

Our speaker was Heather Key Davies of the family run business Fibrex Nurseries Ltd of Pebworth. She told us of the 50+ years of exhibiting floral displays at Malvern, Hampton Court and Chelsea, where over the years they have won many gold medals (and others) and gained national status. Preparation carries on from year to year with no gaps and they are already selecting plants for 2017. Her talk was all about Chelsea and being in the Great Pavilion, and their plants are mainly pelargoniums, ferns, begonias, with over 46 varieties and 14 Staff approximately to build. The Exhibit measures 25ft x 8ft. She showed us how they built up massive pots to create this beautiful display. They do a mock-up in their Nursery at Pebworth beforehand to avoid mistakes and each plant stem is caned for transportation. Heather said that most of the people exhibiting get “Chelsea Cough” from the dust and pollen, then have to cope with the mad mobs who fight to buy the plants on Sale Day at the end of the week. Orders from all over the world pour in via the internet, which are sent via mail order. A really captivating talk leaving us feeling creative, and full of advice from Heather.

Next Meeting Monday, November 9th, also A.G.M.

At our meeting on 16th September, Roger Butler gave a most interesting talk on “Canal History and Heritage”. There are over 2000 miles of Canals in this country and approximately 32,000 Canal Boats on them. He showed beautiful pictures, not only of canal boats, but of the bridges, tunnels, locks and lock houses. Also the lovely countryside and wildlife beside the canals at different seasons of the year.

On 30th September, Avryl Donovan talked to us about an Educational Trust she has set up in Laos. She visited the country in 2007 while on a trip to Cambodia, Vietnam and Laos and she was so disturbed by the poverty of the people and the lack of education for the children that she determined to help. She has since sponsored twelve children through school and on to further education. The trust has also raised money to provide much needed pens, papers and books for the schools and in 2009 she raised the funds for two toilets to be built at one school and when she visited the country she was asked to officially declare the toilets open. It was an inspiring talk and we very much admire Avryl for all she does for this little known country.

Our next meeting will be on 28th October when Marian Beagley will talk on “My Mum was a Cockney”.

11th November, Merlene Watson will give a talk entitled “I’m Deaf not Daft”
We always enjoy a sumptuous tea and visitors are very welcome to join us.
2.30 for a 2.45 p.m. start.
