## **Pastoral Letter – March 2019**

### **The Way of the Cross**

Even if you haven't yet got the date of Ash Wednesday in your mind, you may already be contemplating the day that precedes it, Shrove Tuesday, also known these days as 'Pancake Day', and how you'll be serving up your pancakes. Lemon and a little sugar for me, please!

Ash Wednesday (it's on 6 March) signals the beginning of the season of Lent in the Christian Church. This is a time when many Christians make space in their lives to remember and reflect on what God's Son, Jesus Christ, did – *for you, for me and for the whole of God's creation* – when he walked the way of the cross. For Jesus, it was a literal journey that would lead to his death as a common criminal, as the lowest of the low, on the cross at Calvary. Christians believe that Christ's death was the ultimate demonstration of God's love for each one of us, that he would give up his one and only Son, his beloved, to free us from every sin that has ever been committed and that will ever be committed. As Jesus reminds us in chapter 3 of the Gospel according to St John,

**“For God so loved the world, that he gave his only Son, so that everyone who believes in him may not perish but may have eternal life.”** (NRSV)

For people then and for people now, it was and is a life-changing event in human history. In a moment, the way to God, in whose image each one of us is made, was wide open. Because of Christ's death and resurrection, we can have *hope* amongst so much hopelessness. That's why, each year, Christians all over the world want to remember and to say thank you to the God of hope and love.

There'll be a service on Ash Wednesday at St Peter's Church, Dorsington, at 7.30pm. You'd be very welcome to join us if you'd like to make a commitment to setting aside some time during Lent to reflect on God's love. Also, Ros and I will be hosting Lent Lunches at the Vicarage on 12<sup>th</sup>, 19<sup>th</sup> & 26<sup>th</sup> March and 2<sup>nd</sup> & 9<sup>th</sup> April. We'll meet from 12:30pm – 2:00pm, starting with homemade soup and bread, and then have a time thinking about what it means to be disciples of Jesus Christ. Do come along if you're able to do so. We'd love to see you.

I want to leave you with these words, which are used in Church as a blessing during the season of Lent. May they bless you as you read them and as you walk with Christ the way of his cross.

'Christ give you grace to grow in holiness, to deny yourselves,  
take up your cross, and follow him.

Amen.'

With love,  
Scott

## **NEWS FROM THE METHODISTS**

**March 2019**

Well – is this Spring? At the moment it is warm, the sun is shining but WATCH OUT! I think it did this last year and in March it was snowing and gave us a good amount of it.

Whatever the weather (barring a lot of snow), we are open for Coffee and Chat on Fridays from 10 am and for Church on Sunday (10.30).

The future looks bright, no matter what the weather. We are joining with St Peter's for a Pancake Party on Tuesday 5<sup>th</sup> March from 12. Please support. Collection will be sent to Christian Aid.

Looking forward, at Easter we shall join with St Peter's again.

In the meantime we are arranging a Quiz Evening on 6<sup>th</sup> April at the Village Hall. We expect the village organisations to join in with at least one team (6 – 8 people); from Snooker, Wednesday Club, WI, U3A, the Churches, gentle exercise – everyone please! Bob Topp and Peter Cavanagh are the Quiz Masters and we're looking forward to it. There will be a Ploughman's half way through. Watch out for the posters.

There will be coffee mornings in the summer, as well as Patronal Festival etc.

Let's look forward and forget the B(rexit) word.

Come and Join us! Penny - 853306

## **Gloria**

It's with much sadness that we record the passing of Gloria Thompson on January 25<sup>th</sup> aged 72. A member of our village community for many years. Husband Terry and his family would like to express their thanks to Cheltenham Hospital, St Richards Hospice and to the many friends whose sympathy, generosity and well wishes have been most welcome.

The funeral was held at the Vale Crematorium on February 6<sup>th</sup> attended by her many friends.

---

Sandra and I have been here 4 years, knowing no one in the village. We were told Willersey is a friendly place to live, Gloria was the first to contact us from over the road, I'm not sure we would have survived if she hadn't. Just to have her and Terry's friendship was wonderful.

*Where to go for the best butcher.*

*What time to be at Clive's barrow to ensure you get the best tomatoes.*

*Your house alarm light is flashing I'll show you how to fix that.*

*Have you forgotten your alarm code? I know it.*

*No 'over the hill' means that direction.*

*Ken You've put the wrong bins out!*

*Lovely bell ringing this morning she'd say – knowing that I was a trainee ringer and not very good.*

*Gloria asked for our birthdays and sent us cards every year.*

The list goes on, these simple examples of advice to ensure a smooth, warm welcome and ongoing friendship. That friendship has grown through the years. Gloria was like that with everyone. Gloria had the time for everyone. She gave of herself, connected with people where they were, what they were going through. This warm hearted friendly lady. Yes Willersey is a friendly village and Gloria is and her memory will remain, at its heart and soul.

I had the great privilege to visit her in hospital on the Monday. I stood for a while at the foot of the bed as she slept, praying that she'd wake. She did, and her smile of recognition lit up her lovely face and the ward. A wonderful unforgettable vision that I'm pleased to be sharing with you. She sat me down and painfully moved to swing her legs off the edge of the bed to be close to me. And Hey! It was Gloria. We chatted about everything and nothing. We could have just met in the middle of the village. What a glorious 15 mins with Gloria, what a memory. What an honour to know her if only for a few short years. Who's going to feed the birds in the street now?

RIP love, God bless you. Ken Spensley.

## Village Hall Update.

The Village Hall committee have spent the last year finalising our refurbishment and improvement plans and trying to obtain funding to carry out the work.

The committee's first priority is to address the necessary refurbishment work identified in the building survey carried out in 2016. This work includes the need for a new roof, gutters, fascias, outer cladding, main hall windows, disabled access ramps, fire doors and many smaller items which need doing to meet with the latest building and fire regulations.

The hall management committee have also compiled a programme of enhancement work which includes the removal of the existing fixed stage and having a stackable stage system as used in many schools. The extra space created by removing the stage would provide a more useable floor area for use on a day to day basis. The committee have also had plans drawn up for an extension to be built on the south east corner to replace the old wooden storage sheds this will create much needed extra storage space. Further plans also include a new audio/visual system, low voltage lighting plus the regrading and resurfacing of the rear car park.

As things stand we are a long way short of our fundraising target of £250k + VAT, we are in line to receive £100k from developers, S106 contributions and a further £20k likely from Cotswold District Council and National Lottery Awards for All scheme.

The hall committee are now working with the Parish Council to explore other funding options and exploring the possibility of a VAT exemption. We have a provisional plan to carry out the essential refurbishment work next year and the funding we currently have may just be enough to cover this work. The items on our enhancement programme, including the extension may have to be shelved if additional funding cannot be agreed.

The committee have provisionally agreed to close the hall in April or May next year, the length of the closure will depend on the amount of work carried out but this could be up to six months.

If anyone feels they could help with this project, by way of expertise or financial help, please get in touch by contacting the hall chairman, Neville Jelfs. 01386 858351 or email, - [nevillejelfs@gmail.com](mailto:nevillejelfs@gmail.com).

## Family Service for February

Our theme for this month was 'Friendship' and Father Keiron helped us think of this. He talked of commandments and how these help us think of the way we connect with one another. Did you realise that although we know the Ten Commandments, in all there are 613 listed commandments in various ways. The lesson read by Bill P was asking us to love another (John 15 vs 12.15), and our prayers mentioned ways to help and care for one another. Poppy took the collection and thanks to Bel and Bill for a lovely cup of coffee and cake.

Our March Service is centred around sharing, so come and share with us on March 17<sup>th</sup> at 11 o'clock. It is St Patrick's Day. Refreshments - Annie and Bill Payne

Don't forget our Spring Cleaning session on Saturday March 23<sup>rd</sup> at 10 o'clock. Dusters at the ready!

## Easter Lilies

## **Telephone Banking Scam**

Four elderly individuals have been targeted in the Stow on the Wold area by the same phone scam resulting in over £30,000 being transferred to scammers.

The method of operation has been the same for all incidents. People pick up the phone to a well-educated male's voice who says they are from a bank/the police/action fraud and there is money being emptied from their accounts as they speak. They are told to go to their local bank and withdraw all their savings into a new account so that the supposed investigators can make sure their money is safe and track who is stealing the money. In one case the supposed investigator told a female to call the number on the back of her card straight away to be put through to the bank. When she put the phone down the scammer kept the line open so that the new number she dialled went straight back through to the scammer and not the new number. The scammers tell people to say that the money is for home improvements or for a holiday when in the bank. When the money has been transferred the scammer ends all contact. This leaves someone without all their life savings and with no idea they have been talking to a scammer.

If you get a call from someone saying they are from your bank or the police and they want to talk about your bank or money of any kind then please put the phone down and talk to a neighbour/friend or family member for advice. Then call the police on 101 on a different phone.

Banks or the police will never ask you to transfer your money into any other accounts or withdraw your money as it is at risk. We will also not ask you to go into the bank to transfer or withdraw money at any time. Because of the increasing frequency of these scams occurring in our area we would like everyone to talk about it with your elderly neighbours/family or friends so they are aware this is happening and how to prevent them from making the same mistakes.

**Willersey WI February Report**

We welcomed 36 members tonight which included two new girls and a guest. A welcome drink courtesy of our two glamorous 'nippies' and a silhouette quiz by Gi set the tone for a chatty evening.

Nigel our speaker from Severn Freewheelers is part of a voluntary organisation that delivers essential supplies between NHS facilities in Hereford, Worcester, Gloucestershire and North Wiltshire. They run a 365 day service, 19.00hrs to 07.00 during the week and 24hrs at the weekend and on Bank Holidays. This essential service is funded by donations and it costs £45,000 a year to run but saves the NHS £200,000. Nigel talked about the skills and commitment these cyclists need, along with sharing a mixture of humour and amusing anecdotes. Their big fund raising bash is at Prescott Speed Hill Climb in April.

Gi's quiz was somewhat appropriate given it was placing body parts onto a silhouette. However, we worry about some of the ladies and their knowledge of anatomy. Thankfully they are not surgeons. Shock horror, the 'Newbies' won the quiz along with the raffle prize. No sour grapes though, we'll doctor their answers next time.

A flashy hamper from Fortnum & Mason, donated by Lizzie, is being raffled for a local food bank. Tickets can be bought for £1 at the March meeting or at The Bell, thanks to Sue and Lou.

Mildred is organising a skittles night at The New Inn on Saturday 23<sup>rd</sup> March. Sign up at the March meeting for your supper choice, please.

Partners, friends and A.N. Others are welcome.

Gill has organised a 'Silk Painting' workshop for the same day. We will start with coffee at 10.00 followed by the workshop and lunch. £5 to take part in the work shop and all members are invited for lunch at 12.30. Let us know at the March meeting if you would like lunch.

Jackie's card and copper collection raised another £141 for the Cobalt Unit, a thank you from them along with a lovely thank you card from 'Lottie's' family. The lift is now in place to help her access her bedroom upstairs and be with the rest of the family.

Helen's 84 Mile walk for "Mind"

I would like to tell you about my personal plan to raise money for the mental health charity Mind.

Since losing my husband John to Lewy Body Disease (a distressing form of senile dementia), I have wanted to make an effort to help other mental health sufferers and their families. Recently on National Television, I learnt that in this country one teenage girl in four had attempted self-harm. That prompted me to take action! In March this year I will be aged **84** and to celebrate my birthday I intend to walk **84 miles** in seventeen stages of about 5 miles each, in the North Cotswolds over a period of 21 days. My target is to raise **£3000 for Mind in memory of my late husband John** who suffered from a distressing form of senile dementia.

A team of experienced Walk Leaders and a small committee of friends are organising the walks, publicity and money matters for me.

**I hope that you may be able to help me towards my target by Sponsoring me.** This walk is entirely my own idea and has no connection with any organisation. Sponsorship forms are available from Jennie Bond, Orchard Villa, Main Street, Willersey (Near the Pike roundabout), Sharon Thackery in Broadway 01386 858973 or email: alan.andrews738@gmail.com .

Thank you, Helen Jones

A longing to wander tears my heart when I hear trees rustling in the wind at evening. If one listens to them silently for a long time, this longing reveals its kernel, its meaning. It is not so much a matter of escaping from one's suffering, though it may seem to be so. It is a longing for home, for a memory of the mother, for new metaphors for life. It leads home. Every path leads homeward, every step is birth, every step is death, every grave is mother.

So the tree rustles in the evening, when we stand uneasily before our own childish thoughts: Trees have long thoughts, long-breathing and restful, just as they have longer lives than ours. They are wiser than we are, as long as we do not listen to them. But when we have learned how to listen to trees, then the brevity, the quickness and the childlike hastiness of our thoughts achieve an incomparable joy. Whoever has learned how to listen to trees no longer wants to be a tree. He wants to be nothing except what he is. That is home. That is happiness."

— Herman Hesse, Bäume. Betrachtungen und Gedichte

# Trees

“For me, trees have always been the most penetrating preachers. I revere them when they live in tribes and families, in forests and groves. And even more I revere them when they stand alone. They are like lonely persons. Not like hermits who have stolen away out of some weakness, but like great, solitary men, like Beethoven and Nietzsche. In their highest boughs the world rustles, their roots rest in infinity; but they do not lose themselves there, they struggle with all the force of their lives for one thing only: to fulfil themselves according to their own laws, to build up their own form, to represent themselves. Nothing is holier, nothing is more exemplary than a beautiful, strong tree. When a tree is cut down and reveals its naked death-wound to the sun, one can read its whole history in the luminous, inscribed disk of its trunk: in the rings of its years, its scars, all the struggle, all the suffering, all the sickness, all the happiness and prosperity stand truly written, the narrow years and the luxurious years, the attacks withstood, the storms endured. And every young farm boy knows that the hardest and noblest wood has the narrowest rings, that high on the mountains and in continuing danger the most indestructible, the strongest, the ideal trees grow.

Trees are sanctuaries. Whoever knows how to speak to them, whoever knows how to listen to them, can learn the truth. They do not preach learning and precepts, they preach, undeterred by particulars, the ancient law of life. A tree says: A kernel is hidden in me, a spark, a thought, I am life from eternal life. The attempt and the risk that the eternal mother took with me is unique, unique the form and veins of my skin, unique the smallest play of leaves in my branches and the smallest scar on my bark. I was made to form and reveal the eternal in my smallest special detail. A tree says: My strength is trust. I know nothing about my fathers, I know nothing about the thousand children that every year spring out of me. I live out the secret of my seed to the very end, and I care for nothing else. I trust that God is in me. I trust that my labour is holy. Out of this trust I live.

When we are stricken and cannot bear our lives any longer, then a tree has something to say to us: Be still! Be still! Look at me! Life is not easy, life is not difficult. Those are childish thoughts. Let God speak within you, and your thoughts will grow silent. You are anxious because your path leads away from mother and home. But every step and every day lead you back again to the mother. Home is neither here nor there. Home is within you, or home is nowhere at all.

The film traces the meteoric rise of the band through their iconic songs and revolutionary sound, their near-implosion as Mercury's lifestyle spirals out of control and their triumphant reunion on the eve of Live Aid where Mercury, facing a life-threatening illness, leads the band in one of the greatest performances in the history of rock music.

## WILLERSEY WEDNESDAY CLUB

Our speaker on 30th January was Ken Ingamells talking about the Falklands Conflict. As Ken was employed by the B.B.C. at that time as a weather forecaster and he was in charge of forecasting the weather conditions for the military he was able to give us lots of information on this conflict.

On 13th February David Howe made a welcome return with Thoughts on Relationships. As always he kept us laughing for the whole talk.

On 27th February Peter Petrie will be talking about the Power of Music and on 13th March we shall have Humorous Poems and Readings with Paul Evans. On 27th March Joan Bomford will talk about her life in farming.

We always enjoy a splendid tea after the talk and welcome members from surrounding villages. Meetings start at 2.30 for 2.45.

## Nature Box

### **SURVIVING WINTER**

**"April is the cruellest month ...." according to T.S. Elliot (thank goodness for Wikipedia), but just right now our weather can be a bit of a challenge for some of our wildlife**

**The British fascination with feeding song birds dates from the very harsh winter of 1890/91 when there was a national newspaper campaign to save starving bird populations. This continued practice where the UK spends in excess of 200 million pounds each year makes a huge difference to the bird population during winter, particularly since there has been a marked loss of wild food habitat.**

**But birds aren't without a bit of guile and invention. Some remember how blue tits learnt to steal the cream from bottled milk with foil tops when the cream used to settle on the top of our daily milk deliveries.**

**Some birds like wrens produce large numbers of young to ensure some get through the winter. Small song birds often gather together in mixed flocks at this time of year - blue tits, great tits, chaffinches etc - to seek out good food supplies and also have extra pairs of eyes to watch out for avian predators - who need to eat too! Two thirds of sparrowhawks die in their first year - mostly through starvation. It is now understood that rooks, crows and jackdaws communicate with each other about the best source of food currently, before they head off first thing. Getting through the cold nights is obviously a challenge if you don't have a duvet, but here again different strategies are used. Wrens huddle together, often in really big numbers, with a record of more than 60. Long tailed tits bunch together along a branch, taking it in turns to be at the edge; and other birds just like us simply shiver to generate warmth.**
