01242820459	PCO BROCKHAMPTON BROCKHAMPTON CHELTENHAM	GL54 5XH	0	02/10/2016	Object	<p>Most of the Parish, including the two main habitations of Brockhampton and Sevenhampton, is located in a small valley. Mobile phone reception is non-existent within this valley and its surrounds, and has been identified by the Mobile Infrastructure Project (MIP) as being a telecoms 'not-spot'</p> <ul style="list-style-type: none"> · It is the only public telephone within the whole of the Parish. · The location is frequented by walkers, hikers and horse riders who would not have access to local private telephones. The kiosk is positioned at the juncture of a number of footpaths / bridleways. · The local public house, which could possibly be approached in case of emergency, has limited hours of opening and is closed for some days in the week. It is located away from the main village thoroughfare.

01242870257	PCO COLESBOURNE CHELTENHAM	GL53 9NP	0	02/10/2016	Agree	Low level of usage. Socio-economic factors and mobile phone coverage do not justify retention
01242890291	PCO WITHINGTON ROAD ANDOVERSFORD CHELTENHAM	GL54 4LL	0	02/10/2016	Object	Mobile phone reception is poor in this location. Significant level of low cost and social housing, given rural location

01285770236	PCO COATES LANE COATES CIRENCESTER	GL7 6JU	4	03/10/2016	Object	<p>Coates Parish Council rejects the removal of the BT call box at May Tree Close, Coates. Coates is an isolated rural community with no public facing business or public buildings and has patchy mobile phone reception. This is the only public call box in the Parish. The village can be cut off during heavy snow. For these and the following reasons, the Council wants the call box to remain:</p> <ul style="list-style-type: none"> - reporting incidents of domestic violence or child abuse to the Police, support groups or others from the privacy and anonymity of a call box - reporting escaped animals to the Police which could stray onto the 2 busy A roads that pass the Parish - reporting vehicle breakdowns and non-emergency accidents - reporting flooding or other serious incidents in the event of a failure of mobile network services

						<ul style="list-style-type: none"> - reporting emergencies to the emergency services - making calls by individuals without a landline or functioning mobile phone

01386700376	SUMMERFIELD CLOSE BLOCKLEY MORETON-IN-MARSH	GL56 9EG	123	01/10/2016	Object	Blockley Parish Council objects to the removal of the telephone box on Station Road, near Summerfield Close in Blockley. The area has very poor mobile reception and practically non-existent broadband. The kiosk is next to one of the poorest and most socially deprived parts of the Parish with many elderly residents who do not all have smart phones and new technology. Another factor is that it is very close to a well-used cemetery with regular walkers; it is on a 'blind' road junction which although is not an accident black spot is nevertheless dangerous with speeding

						traffic and large lorries down Station Road. The number of calls in the last 12 months is 123. Therefore it is well used and a valuable local asset.

01451850211	THE GUEST HOUSE GUITING POWER CHELTENHAM	GL54 5TZ	1	01/10/2016	Object	The Parish Council felt it was important that the phone box remained due to it being situated next the Defibrillator. The defibrillator and the phone box are both located in an area where there is very poor mobile phone coverage and if the emergency services had to be called when the defibrillator was in use there may be no way of contacting them, therefore the phone service could have a real impact on a life and death situation. The non-standard housing is in effect integral to the building, so cannot be removed.
01451850375	PCO KINETON GUITING POWER CHELTENHAM	GL54 5UG	4	01/10/2016	Agree	Low level of usage. Socio-economic factors and mobile phone coverage do not justify retention

01452862382	PCO BIRDLIP HILL WITCOMBE GLOUCESTER	GL3 4SJ	29	02/10/2016	Object	Significant number of calls, given its remoteness from any settlement. This phone box is located on a seriously compromised section of single carriageway on an otherwise dualled route. There have been a number of serious and fatal collisions in recent years. The road is frequently blocked either by traffic, or by bad winter conditions
01453521394	PCO CENTRE OF VILLAGE OZLEWORTH WOTTON-UNDER-EDGE	GL12 7QA	2	03/10/2016	Object	The area around this public call box has virtually no mobile phone coverage across all networks

The settlement is one of the District's largest settlements, yet this proposal would remove all access to public fixed line telephony. The town has a high tourist footfall, and is one of only two settlements with a railway. It also has areas of low cost housing
